

24 July 2007

To whom it may concern

We hereby certify that according the 94/63/EC, 1999/13/EC stage 1 Directive, we have applied the high solar reflective coating system from Abolin Co Greece for the protection of our storage chemical tanks. All the coating products were well suited and in compliance with the scope and the specifications of the works.

The following system has been used:

- a) Cool Barrier 2 comp. epoxy anticorrosive primer
- b) Cool Barrier 2k White high solar reflective Top Coat

Sintra Sa.

A handwritten signature in dark ink is written over a rectangular stamp. The stamp contains text in Greek, which is partially obscured by the signature. The signature is a stylized, cursive script.
